

TMA International Freight forwarders

TMA international freight forwarder is proud to render its services all over Egypt and Worldwide.

TMA has been existed 1997 and since that time due to our motivated staff we ranked no. one in garment forwarding as well as general cargo. Our main market handles all kinds of commodities such as, Ready Made garments, electronics, projects, spare parts, exhibition movers and special sensitive cargoetc.

TMA a fast growing company working in the field. Our Company has been established eleven years ago to have its share in the Egyptian market. We achieved our prestigious position among our competitors due to the specialized services offered to our customers.

SO, we professionally can offer our clients all the services through our main office branches in Egypt. Our head office is located in Cairo - Heliopolis ten minutes driving to Cairo Airport . So, we can offer all the services involved in the field:

The Staff is carefully chosen of the most experienced, highly qualified, well trained and most cooperative to satisfy our customers' requirements and offer the best services. Our staff is always provided with intensive training, information and new data concerning the cargo industry aiming to be able to continue offering the best services to our customers.

Our System depends on taking advantage of sophisticated computer equipment and has experienced data processing personnel. All documentation is carried out through our system. We are well connected to most Airlines and customers. Our system is upgraded and expanded periodically to maintain offering the high standard of services.

Our plan is looking to the future, we are planning to expand our capabilities and new services well designed to meet our clients changing requirements.

TMA offers the following services:

- International Forwarding and Logistics
- Shipping agencies in all Egyptian ports
- Inland transportation (door to door services) in Egypt
- Custom clearance in all Egyptian sea & air ports

• Sea Freight

All types of goods whether conventional, containerized or RoRo to and from any part of the world are transported in the quickest and shortest way with very high degree of care. We affect the sea transport vessels operated by

TMA directly or on shipping lines represented by our company.

We have our own slots and special tariffs on all types of containers all full container shipping lines offering world wide service.

Consolidation

TMA NVOCC bills of lading

Due to our customers needs for special services. **TMA** founded its own NVOCC service over 10 years ago. It is one of our unique services that cover all of our customers' needs. **TMA** established its own Consolidated Container Service (Groupage Container) from Hamburg and Antwerp direct to Alexandria. Due to this weekly service, we have maintained excellent connections to the European manufactures dealing with Egypt and the Middle East. Approximately 900 TEU's running annually under this service. Moreover 2.500 TEU's as FCL/FCL Containers are running annually under our custody, only to Egypt. This makes us the most powerful partner to the Egyptian market.

Dry Cargo Chartering

Our chartering departments are always available to cover the needs of our customers for all commodities whether bulk, general cargo, project cargo, etc. with different sizes.

The Cargoes

TMA handles a wide range of cargoes on its specialized vessels:

- Project and General Cargo

Drill rigs, machinery, processing equipment, mining equipment, air separation plants, generators, turbines, power generation equipment, rolling stock, yachts, airplanes, windmills, railcars

- Forest Products

Packaged lumber, plywood, Kraft liner board, fluting medium, newsprint, wood pulp

- Bulk Minerals and Chemicals

All kind of bulk (cement, fertilizer, etc.) and chemicals (hazardous and non hazardous)

- Steel and Metals

Steel plate, wire rod in coils, hot/cold rolled coils, steel pipe, rebar, aluminum, zinc, copper, scrap.

- Military Equipment

TMA has transported military equipment (e.g. Tanks) from all over Europe to Egypt

- IMO

Dangerous goods of all IMO classes including explosive and nuclear cargoes of sub division INF 1 and 2.

- **Air Freight**

Air Freight logistics, this is one of our fastest growing

activities at **TMA**. With our experienced staff and unrivaled service, we managed to carve out a major market share and we can be your partners for all your air freight needs. We have just acquired the forwarding agency of the major German airline NL Luftfahrt GmbH, which offers regular flights between Germany and Egypt. With our airfreight partner Hanseatic Air, we are the leaders in air transport between North Europe and the Middle East.

- **Inland transportation**

With its own fleet of trucks **TMA** offer inland transportation services all over Europe and in Egypt at very competitive rates. Our land transport services are renowned for their flexibility and reliability.
